

Referrals

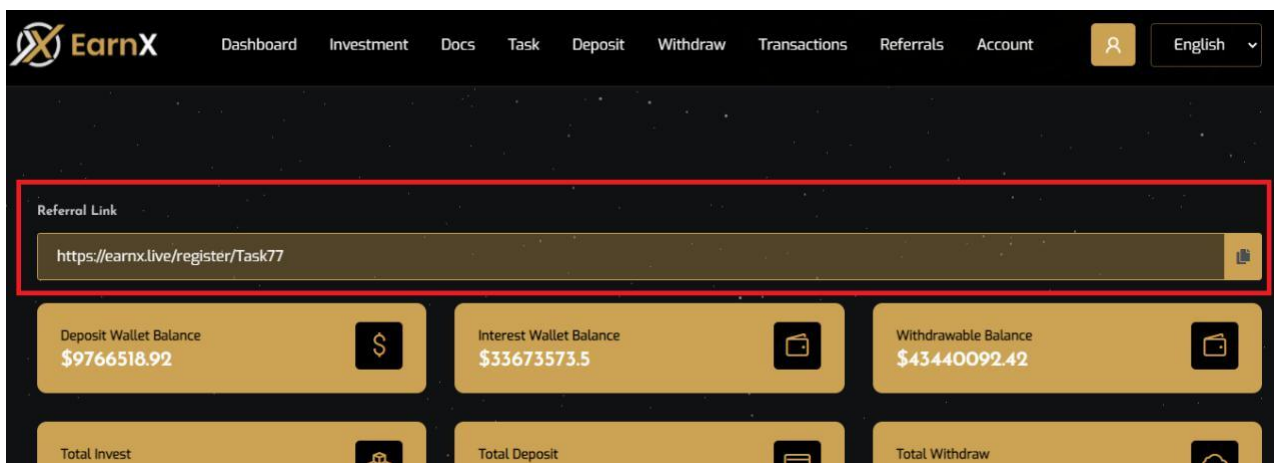

1. Referred User

Here we give you step-by-step information about how to refer to others in the EarnX. You have to log in first into the user's dashboard. and then you will get the user's dashboard. In the user's dashboard, you will get the referral link in the dashboard or When a new user signs up in the EarnX, the new user will get a reference box in which the new user will enter the referral user's username in this box. Once the new user is referred by you, you can see this user on the Referrals section in the Header menu.

When any referred user refers to any new user then the second new user will be your level 2 referred user and this chain goes on and on.

Step 1: Login into the user's dashboard.

Step 2: You will see the referral link in the dashboard.

Step 3: Use this referral link to send to the other users who want to join this website using your referral code.

Step 4: When a new user signs up in EarnX, the new user will get a reference box in which the new user will enter the referral user's username in this box.

Step 5: You will receive your reward when the referred user makes their first withdrawal.

2. Referral Commission

In EarnX, there are one types of commission for a referral.
